Affordable Parts

When it comes to price of the car parts, Ford keeps your pockets happy! We work hard every day to localise and make the spare parts readily available, so you save more. Check out our leading stance in spare parts affordability in the latest Autocar Spare Parts Survey 2020.

More Sub-Assembly Parts

Why change the whole ORVM for just a cracked mirror? With your New Ford EcoSport sub assembly parts, you have the freedom of getting your car fixed in no time, at a much lower cost. **Replace the damaged part and pay for that only, not for the entire assembly.**

Because of changes in conditions and circumstances, Ford India Private Limited ("Ford") reserves the right, subject to all applicable laws, at any time, at its discretion, and without notice, to discontinue or change the features, designs, materials, colours and other specifications and the prices of its products, and to either permanently or temporarily withdraw any such products from the market without incurring any liability to any prospective purchaser or purchasers. Always consult an authorised Ford Dealer for the latest information with respect to features, specifications, prices, optional equipment and availability before deciding to place an order. Some driver assistance and safety features described above are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions. Features may vary from model to model. ^The speed alert system gives audible warning for alert of over speed to driver. When vehicle speed exceeds about 80 KMPH, primary level warning with one beep will sound every 2 minutes. When the vehicle speed exceeds about 120 KMPH, Secondary level warning with continuous beeps will sound. This buzzer does not indicate any malfunction in vehicle. Bluetooth® is a registered trademark of "Bluetooth® SIG Inc.", and is used under license. Operating certain parts of the SYNC® system while driving can distract your attention from the road and may be prohibited by local laws. Do not change system settings or enter data non-verbally (using your hands) while driving. Always make sure that you comply with local road laws/ rules when using the SYNC® system. SYNC® promotes safer driving by ensuring hands are on the wheel and eyes are on the road. *With paddle shift. **Kerb weight with 90% fuel. Ford does not recommend using mobile phone while driving.
